

Zenith Alpha

You are invited.

Join us July 5th from 11:30
to 13:00 at **Centro
Cultural de Vila Flôr, em
Guimarães**

**18º congresso SPACV –
Sociedade Portuguesa de Angiologia e Cirurgia
Vascular**

EVAR is not just
about treating aortic
aneurysms. It's about
**managing aortic
disease.**

Aortic disease is a chronic and progressive condition. Cook Medical believes that the goal of EVAR is not just to treat an aneurysm, but also to provide a durable repair that helps you manage disease progression and create successful long-term patient outcomes.
